WORK EXPERIENCE

Web Developer Intern at New Bytes Computer

Supervisor: Sameer

Jan 2025 - Present

- Developed and launched a responsive website from scratch using **HTML5, CSS3, JavaScript, and React**
- Achieved a 40% increase** in organic traffic within 3 months
- Updated content and fixed bugs using AI tool
- Trained 2+ staff** to manage basic site edits

PROJECTS

Personal Portfolio Website

Feb 2024 - Apr 2024

- Designed and coded a fully responsive portfolio using **HTML5, CSS3, and JavaScript to showcase 10+ projects** and technical skills.
- Achieved a **95/100 accessibility score** on **Google Lighthouse** by implementing ARIA labels and semantic HTML.

Porsche Web Design

May 2024 - Jul 2024

- Developed a visually engaging website inspired by the Porsche 911 GT3 RS using **advanced CSS techniques**.
- Engineered responsive web layouts and integrated seamless animations that enhanced user engagement across all devices; resulted in a 25% decrease in bounce rates and improved session duration by 15% on mobile platforms.
- Focused on **clean design** and **intuitive navigation** to effectively showcase the essence of the Porsche brand.
- Continuously refined the interface to align with modern design trends, demonstrating a strong grasp of front-end development best practices.

Pets-Vibe

Aug 2024 - Feb 2025

- Design and implementation of the user interface for Pets-Vibe, a pet-focused platform.
- Developed responsive layouts and interactive features using **HTML, CSS, and JavaScript**, ensuring a seamless experience across devices and browsers.
- Focused on creating a **visually appealing** and **user-friendly environment** that effectively communicates the brand's personality and engages pet enthusiasts.
- Collaborated closely with the design and backend teams to integrate aesthetics with functionality, resulting in an **intuitive** and **engaging frontend**.
